

connektgear 0.25m AV Snap-In VGA Module 25 x 50mm (Socket to Socket) - White

Brand: connektgear | Product Code: 20-0010

DESCRIPTION

The connektgear VGA snap-in module is the ideal solution for integrating legacy video equipment into your professional AV infrastructure. Designed to transmit high-quality analogue video signals, this module is built with high-grade, triple-shielded coaxial cable. This level of shielding is essential for maintaining signal integrity, significantly reducing the potential for data loss or electromagnetic interference that is often associated with analogue video transmission.
