

connektgear 15cm Mains Power Adapter - C14 Plug to C5 (Cloverleaf) Socket

Brand: connektgear | Product Code: 27-0140

DESCRIPTION

The connektgear C14 plug to C5 socket adapter cable is the perfect solution when you need to connect a device requiring a C5 (cloverleaf) connection to an existing C13 power source or PDU. This cable is designed to provide seamless compatibility, ensuring you can power your specific hardware - such as laptop chargers or projectors - using your current infrastructure. Constructed with high-quality, durable materials, this ensures that this adapter provides a safe and reliable power link for your equipment. Whether for use in a professional office, a server environment, or at home, this cable offers the flexibility you need to keep your devices running without the hassle of replacing entire power systems.
