

connektgear 2.5m Mains Power Splitter Cable C14 Plug to 2 x C13 Sockets

Brand: connektgear | Product Code: 27-0015

DESCRIPTION

The connektgear C14 plug to dual C13 socket power splitter cable is the efficient solution for managing power distribution within server racks, data centres, and professional AV installations. This high-quality "Y-splitter" lead allows you to power two devices - such as two monitors, a server and a switch, or other rack-mounted hardware - from a single C13/C14 power source. Featuring a C14 plug at one end and two C13 sockets at the other, this cable is specifically designed to split a single power connection into two, effectively doubling your output capacity where space or outlets are limited.

PACKAGING SPECIFICATIONS

Box Quantity:	50
Pack Type:	Bag
Dimensions:	None
Material:	None
Product Weight:	0.37kg
Pack Weight:	0.0035kg
Total Weight:	0.3735kg
Carton Gross Wt:	0.7735kg
Country of Origin:	PR China
Barcode:	5035624020436
