

connektgear 2m 4 Way Power Extension Block - C14 Plug to 4 x UK Sockets - White

Brand: connektgear | Product Code: 27-5031

DESCRIPTION

The connektgear 4-way power extension block is the perfect solution for powering or charging multiple devices simultaneously from a single C14 power source, such as a PDU (Power Distribution Unit) or an Uninterruptible Power Supply (UPS). This extension block is an essential tool for server racks, data centres, and professional IT environments where multiple connections are required from limited power outlets. With an extended cable length, connektgear provides you with the flexibility needed to position your equipment exactly where it is required, ensuring maximum convenience and cable management efficiency within your server rack or workspace.
