

connektgear 2m Mains Extension Hot Rated Power Cable - C14 Plug to C15 Socket

Brand: connektgear | Product Code: 27-0329

DESCRIPTION

The connektgear C14 plug to C15 power cable is engineered for high-performance equipment that operates in demanding, high-heat environments. While visually similar to a standard C13 cable, the C15 connector features a specialised high-temperature rating, making it the essential, safe choice for hardware that generates more heat than typical office electronics. This cable is ideal for high-draw professional equipment, such as enterprise servers, networking switches, and specialised printers found in data centres or industrial setups. Featuring a C14 plug at one end and a C15 socket at the other, it provides a secure, heat-resistant connection to devices equipped with a C16 power inlet.

PACKAGING SPECIFICATIONS

Box Quantity:	40
Pack Type:	Bag
Dimensions:	120(W) x 220(H) x 0.2(D)mm
Material:	Bio Materials
Product Weight:	0.18kg
Pack Weight:	0.0035kg
Total Weight:	0.1835kg
Carton Gross Wt:	18.7500kg
Country of Origin:	PR China
Barcode:	5035624024175

PRODUCT DETAILS

- Plug, cable and connectors are fully tested and have VDE / CE approval
- Fully moulded plug
- Flexible strain relief moulded collar
- Lifetime warranty

TECHNICAL SPECIFICATIONS

- Connector 1: C14 IEC Male
- Connector 2: C15 IEC Female
- Rated 10 amps
- Cable: 1mm²
- Cable length: 2m
- Colour: Black
