DATA SHEET

# connektgear 2m UK Mains Hot Rated Power Cable - UK Plug to C15 Socket

**Brand: connekt**gear | **Product Code:** 27-0338

## DESCRIPTION

The connektgear UK mains to C15 power cable is engineered for high-performance equipment that generates significant heat during operation. While visually similar to a standard C13 lead, the C15 connector is specifically designed with a high-temperature rating, ensuring safety and reliability for hardware that runs hotter than typical office electronics. This cable is the ideal choice for high-draw professional equipment, such as high-performance servers, networking gear, and specialised enterprise printers. Featuring a durable UK 3-pin plug at one end and a C15 socket at the other, it provides a secure and heat-resistant connection to any device equipped with a C16 power inlet.

## PACKAGING SPECIFICATIONS

| | |
|---|---|
| Box Quantity: | **30** |
| Pack Type: | **Bag** |
| Dimensions: | **140(W) x 260(H) x 0.2(D)mm** |
| Material: | **Bio Materials** |
| Product Weight: | **0.25kg** |
| Pack Weight: | **0.0035kg** |
| Total Weight: | **0.2535kg** |
| Carton Gross Wt: | **15.6100kg** |
| Country of Origin: | **PR China** |
| Barcode: | **5035624047532** |

## PRODUCT DETAILS

- Fully moulded plug
- Flexible strain relief moulded collar
- Plug is fully tested and ASTA approved
- Cable and connector are fully tested and CE / UKCA approved
- Conforms to the BS1363/A British Standards & Electrical Equipment Safety Regulations
- Lifetime warranty

## TECHNICAL SPECIFICATIONS

- Connector 1: UK Plug
- Connector 2: C15 IEC Female
- Cable length: 2m
- Colour: Black
