DATA SHEET

connektgear 3m 8 Way Horizontal Rack Mount Power Extension Block UK Plug to 8 x C13 Sockets - Black

Brand: connektgear | **Product Code:** 27-8030/IEC/RM

DESCRIPTION

The connektgear horizontal rack mount power extension block is engineered to deliver dependable, high-density power distribution for professional server rooms, AV installations, and data centres housing critical IT hardware. This unit efficiently consolidates power for up to eight C13 devices from a single UK mains plug, providing a clean, organised, and professional solution for your rack-mounted infrastructure. Designed for 24/7 reliability, connektgear has built this unit with a robust metal housing and heavy-duty cabling, ensuring it can withstand the rigours of demanding professional environments. It is the ideal choice for managing power to multiple servers, switches, or AV units,
