

connektgear 3m Britmac Mains Power Cable - Britmac Plug to C7 Socket

Brand: connektgear | Product Code: 92-0075

DESCRIPTION

The connektgear Britmac plug to C7 power cable is a specialised solution designed for professional environments where power security and circuit integrity are paramount. Britmac-style plugs are engineered to prevent the unauthorised or accidental connection of standard domestic appliances to sensitive power circuits. They are primarily used in offices and data centres to provide dedicated, secure power for low-power devices that require a C7 ("figure-of-eight") connection. This cable connects a Britmac plug to a C7 female socket, providing a stable, reliable power link for your specific hardware while ensuring that your designated power outlets remain protected from general-purpose use.

PACKAGING SPECIFICATIONS

Box Quantity:	1
Pack Type:	None
Dimensions:	None
Material:	None
Product Weight:	0.30kg
Pack Weight:	0
Total Weight:	0.3000kg
Carton Gross Wt:	0.4000kg
Country of Origin:	PR China
Barcode:	5035624071704
