

connektgear 5m Britmac Mains Power Cable - Britmac Plug to C13 Socket

Brand: connektgear | Product Code: 92-0022

DESCRIPTION

The connektgear Britmac plug and socket range provides a specialised power solution designed to ensure secure, dedicated connections within sensitive environments. By utilising a non-standard plug design, these units effectively prevent the accidental or unauthorised connection of everyday electrical appliances, making them the industry standard for protecting critical infrastructure in offices, data centres, and server rooms. These connectors are specifically engineered to provide a safe and stable power link between your essential hardware—such as servers, workstations, and networking equipment—and your power distribution network.

PACKAGING SPECIFICATIONS

Box Quantity:	1
