

connektgear Double Gang Back Box Surface Mount 32mm Deep - White

Brand: connektgear | Product Code: 90-0106

DESCRIPTION

This double gang surface mount back box is designed for secure and professional installation of dual faceplates in structured cabling and electrical setups. Ideal for use where recessed wall mounting is not possible, it provides a sturdy enclosure for RJ45 data outlets and modular faceplates.

Manufactured from durable white PVC, the box features a 32mm depth to comfortably accommodate wiring and modules. Multiple knockouts allow flexible cable entry, while its standard double gang format (approx. 145 x 85mm) ensures compatibility with most UK faceplates used in network installations.

PACKAGING SPECIFICATIONS

Box Quantity:	100
