

connektgear Mains Power Adapter - C14 Plug to C7 (Figure 8) Socket

Brand: connektgear | Product Code: 27-0296

DESCRIPTION

The connektgear C14 plug to C7 socket adapter is the perfect, space-saving solution for converting a C14 power source - such as a PDU outlet or a standard server-grade power lead - into a C7 "figure-of-eight" output. Designed for speed and efficiency, this compact adapter allows you to power low-wattage devices like radios, games consoles, or smaller chargers directly from your existing IT infrastructure. Constructed with high-quality, durable materials, this ensures this adapter provides a safe and reliable power link in any professional or domestic setting. It is an essential tool for IT professionals and home users who need to bridge the gap between different power standards without the need for additional,
